The Kennet Centre has been struggling from a retail perspective for some time and strategic repositioning is necessary to create fresh air and streets that are open-to-all, which will be better than enclosed spaces.

Please use the tick boxes to indicate your thoughts about our proposal:

"New streets should be designed for pedestrians and activity, not through traffic"

Do you have any comments to share with us?

- preserving cinema is key-issue for Newbury
- mixed-mode cycle/pedestrian access preferable
- Visual/style integration with Parkway and Market Street development also important (as well as well as Newbury's historical character as detailed)

LOOKS GOOD!

Would like to see existing multi storey demolished
and start again

Concern over amount of residential

Overall an improvement.

Regarding pedestrianised link good idea but not
if it means shutting market street

Do you have any comments to share with us?

All possible renewable energy generation should be used.

Local red brick should be used as much as possible.

Affordable social housing should be included.

Electric charging points should be enough to cope with – diesel/petrol ban.

As many plants, bushes and trees as possible.

Do you have any comments to share with us?

I'm completely in favour of regenerating the Kennet Centre as it has become, sadly, a blight on an otherwise lovely market town centre.

This proposal says/promises all the right things. The area should become a more open space + the connecting of Key town centre streets and roads would be welcome.

Architecturally, any development MUST be sympathetic to the history of the area. Promises to use designs + materials in keeping with its history MUST be kept. And any damage to existing historical buildings MUST be avoided.

The scheme is too big for Newbury. A smaller scheme based on the same principles would be OK.

I think you have missed a
brick in your Plan's An indoor
Market, a modern Market.
you just have to look at the
outdoor Market now. how sparse
it looks, even before the covid,
there were hardly any stalls.
we need a modern indoor Market
with spaces for PopUp stalls and
Permanent stalls for Regular traders.
maybe with a cafe as well.
its a thought maybe you can look into.
Surely the market as it is now - can
change. be updated, just look
at other towns and cities.

The Kennet Centre has been struggling from a retail perspective for some time and strategic repositioning is necessary to create fresh air and streets that are open-to-all, which will be better than enclosed spaces.

Please use the tick boxes to indicate your thoughts about our proposal:

"New streets should be designed for pedestrians and activity, not through traffic"

Strongly support

Do you have any comments to share with us?

Perhaps too many shops
in present on-line climate?

Please tick this box if you would like to receive email updates from us
