

## Survival Guidance: Unable to Evacuate

If you are unable to leave your property without help, there are a few quick bedtime checks you can do to reduce the chance of a fire.

**Keep doorways and fire escape routes clear at all times to avoid trip hazards.**

**Scan the QR code for fire safety advice.**

In the event of a fire, **call 999** and ask for the Fire Service or, if you have one, press your pendant. If you press your pendant and the operator hears the smoke alarm going off, they will call the Fire Service.
